Forecast for Sunday 12 Nov 2023

Weather: Patchy cloud through the early hours with a small chance of a light shower but otherwise mainly dry, clouding over from the south towards dawn with rain soon following behind by morning. Some heavy outbreaks at first but mainly light by midday, clearing later in the afternoon. Largely dry and clear into the evening but clouding over again towards midnight.

Chance of cloud-free hill tops above 700m: 80% reducing to 20% by morning. Increasing to 80% again into the evening.

Low cloud and visibility: Broken cloud base 400-600m in association with the rain, clearing northeast by the end of the afternoon. Visibility moderate in rain, otherwise good outside of cloud.
